

## NOTICE TO GAUTENG ENTERPRISE PROPELLER CLIENTS: APPLICATIONS CLOSING WINDOW (01 OCTOBER 2020 - 31 MARCH 2021)

Gauteng Enterprise Propeller (GEP) is a Provincial Agency tasked with a mandate to provide Financial and Non-Financial support to Gauteng small enterprises through our online platform. Our online system has been experiencing an influx of applications and the backlog on the system is currently standing at 1617 (341 Financial support, 972 Non-Financial support and 304 mixture of both services). This high demand for our services as represented by these figures already exceeds the Agency's capacity to service all qualifying applicants due to limited resources for the current financial year (2020/21). Resultantly, the Agency has decided to close the system from accepting any new applications in order to address and clear the current backlog. To this effect, an **Applications Closing Window** is being implemented for the period **01 October 2020 to 31 March 2021**. The Agency will however, be directing all new applications to the other national Development Financial Institutions and Gauteng SMMEs Relief Fund once is operational. This will ensure that our small enterprises are still provided with Financial and Non-financial support to reignite our economy during and post COVID-19 pandemic.

The new application on the GEP Online platform will resume from 01 April 2021.

**For inquiries, contact GEP Contact Centre as follow:**

**Email:** [enquiries@gep.co.za](mailto:enquiries@gep.co.za)
