

CALL FOR PROPOSALS FOR CSI GRANT FUNDING

GEP in partnership with Gauteng Gambling Board invite non-profit organisations to submit their proposals for Corporate Social Investment (CSI) grant funding in support of special projects and development initiatives intended to alleviate the socio-economic challenges faced by the Gauteng community.

Adjudication:

In adjudicating applications, the GEP and GGB will give preference to applications from organisations in underdeveloped areas that advance the interests and participation of women, youth, and people with disabilities as well as projects that lead to job creation and retention.

Preference will also be given to projects / programs with focus in the following areas;

1. Initiatives that support strategies for transformation in sports, particularly in historically “untransformed” sport (i.e. Golf, Equestrian, Tennis etc.) and progressive attainment of transformation targets in selected sporting codes. This can be achieved through club and federation development (training of officials, coaches and administrators, strengthening of organisational systems and governance), talent identification and development (target groups), athlete and coach support programs (target groups), and participation in domestic and international competitions.
2. Increase in sporting activities / programs in historically disadvantaged and increase participation in sports and competition by designated groups. Measures to be supported include sports facilities infrastructure projects (construction/refurbishments), participation in local and regional leagues and competitions as well as recreational activities or events that encourage participation by disadvantaged communities.
3. Implementation and management of programs that assist selected learners who are academically talented but lack financial resources to pursue higher education (undergraduate qualification).
